NEW FRIENDSHIPS

Every newly improved and leading into a town must be a new friendship. It is the most important thing going on in this section of the world. The improvement of the world is the improvement of the human race. It is the improvement of the human race that will bring this world and all of its hardships into a new and better relationship.

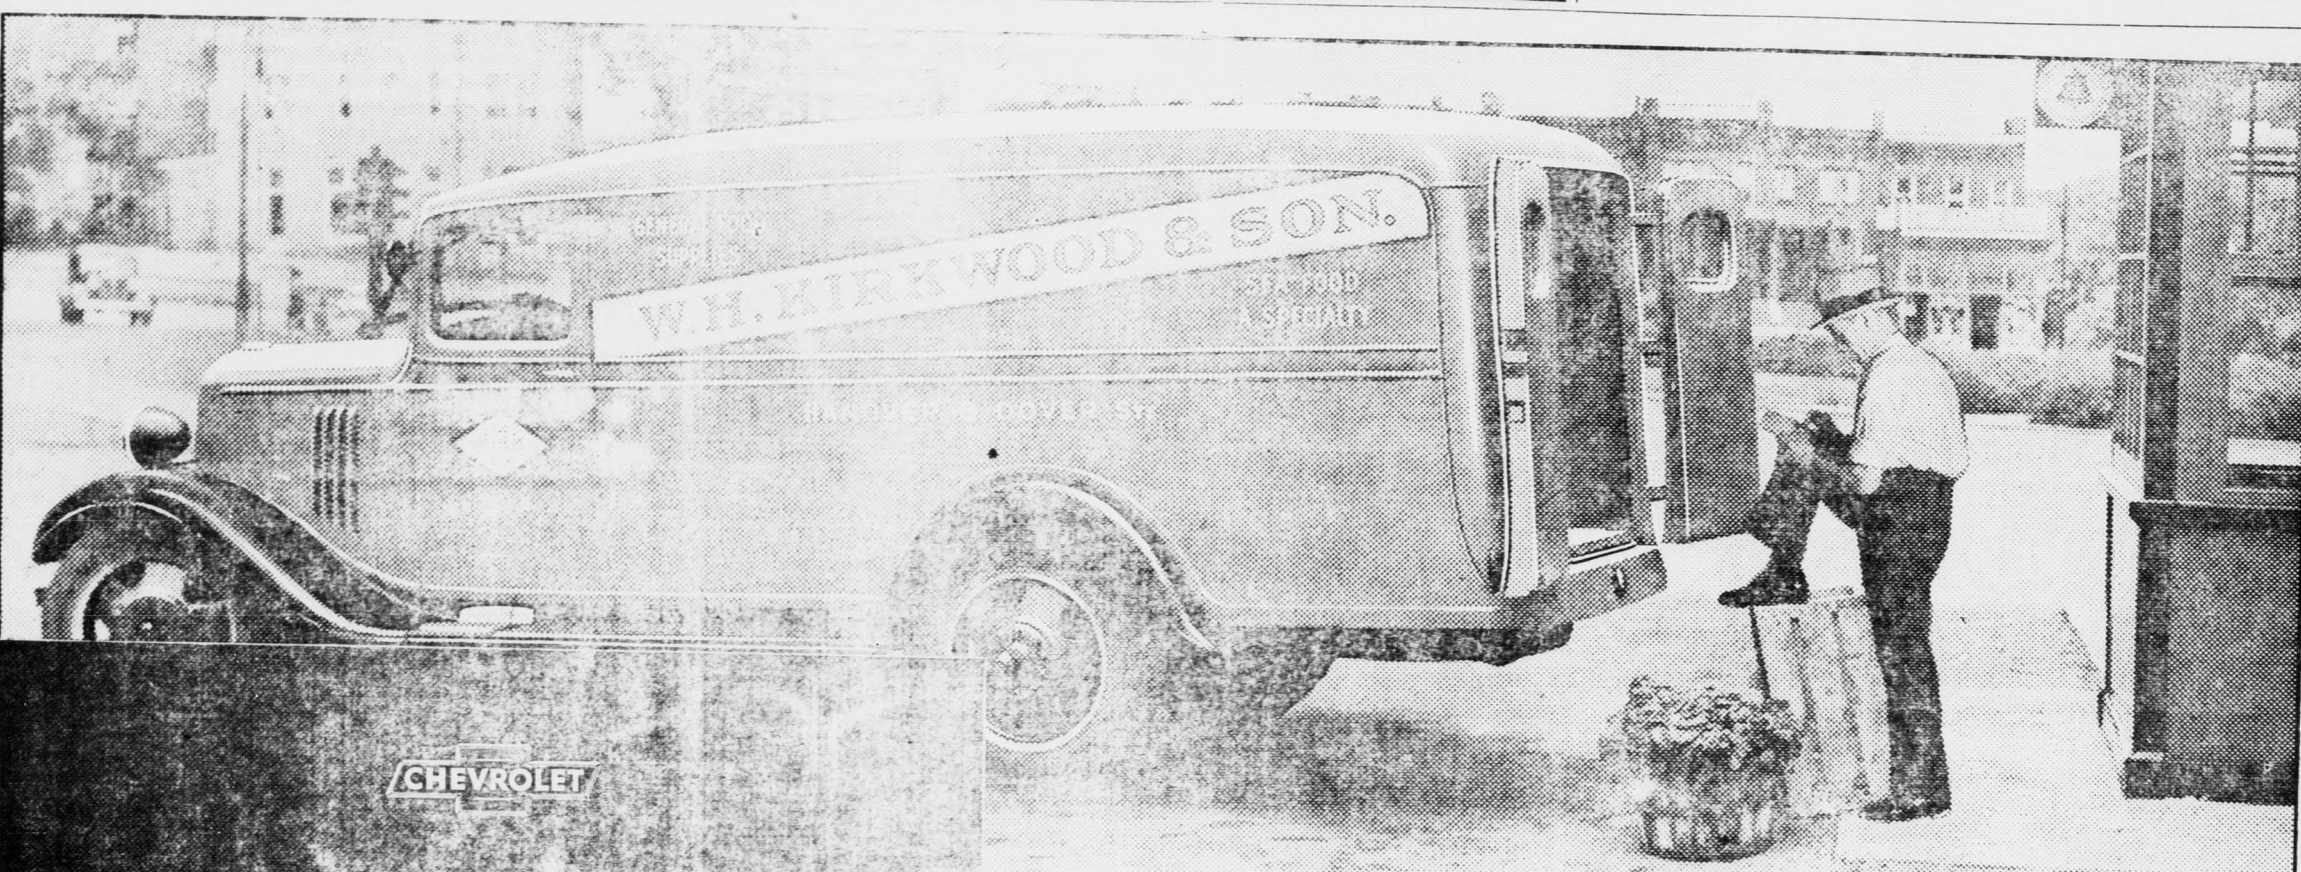

Local merchants can testify to the value of the improved road to the creek and the creek to the road. The one is a road to the creek, the other is a creek to the road.

BYRD'S ASTUTENESS

This paper usually finds it is on the right side when it sides with our distinguished senator, Harry Flood Byrd. That view was advanced when a prominent Pennsylvania senator passing through Appomattox volunteered the compliment that Virginia had the two most outstanding senators at Washington.

A case at hand is the way in which senator Byrd handled the suggestion that diversion of PWA funds from Virginia was a slap at Byrd. In his address to the people, he pointed out that the PWA funds were not a slap at Byrd, but a slap at the PWA. He pointed out that the PWA funds were not a slap at Byrd, but a slap at the PWA. He pointed out that the PWA funds were not a slap at Byrd, but a slap at the PWA.

Truck owners
know economy
THAT'S WHY THEY
BUY CHEVROLET
TRUCKS

Men who study haulage costs know that Chevrolet trucks are as outstanding in economy and durability as they are in price. Chevrolet trucks handle tough hauling jobs day after day at small operating cost, because they are built to Chevrolet's own high standards of quality in every part. The powerful six-cylinder valved-in-head engines are truck motors, especially designed to give sustained pulling power. Chevrolet trucks offer maximum capacity, economy and quality—because Chevrolet is the world's largest builder of trucks.
